Gil & Amelia - Is it possible that either of you have the list of PCIs that CA wants added to WA 1-67?

I have the 2 PCAs but need the specific PCIs to be added. Attached list includes the 23 PCA/PCI that we had ID'd back in June 2017 + the two LA PCAs.

It seems you will have to dig back in your files for the more complete RB request list.

Feel free to call if easier.

respectfully,
